**PRESS RELEASE**

**NFT CONSULT SETS UP CAREER DEVELOPMENT CENTRE AT MAKERERE**

The College of Computing and Information Sciences has signed an MOU with NFT Consult to set up a Career Development Centre at the College. NFT Consult is a Human Resource Consultancy firm with headquarters in Kampala, Uganda and offices in Rwanda, Burundi and Tanzania.

The Centre is located on the Sixth Floor, Block B at the College of Computing and Information Sciences and will be open to all Makerere University students from 1<sup>st</sup> February 2012.

The aim of this centre is to assist Makerere in creating a dynamic and effective workforce by equipping the students with the necessary career building tools required in today's professional working environment.

The Centre will provide:

- Administrative assistance to the university to organise career fairs.
- Expert advice and guidance to students that will enable them to interpret/understand and respond to job advertisements.
- Sessions on CV and cover letter writing skills as well as enhancement of verbal and written communication skills.
- Help for final year students for future job application processes and equip them with appropriate interview skills.
- Students with a better understanding of the more practical side of employment through talks and seminars from professionals from various sectors.
- Ways to encourage and engage more employers to participate in the internship process.
