- Distinguished guests in your respective capacities, Ladies and Gentlemen:

.....

I am pleased to be here this afternoon as we recognize the contribution of one of Uganda's Education Heroes and holder of The Distinguished Order of the Crested Crane (Classes i-iv) Medal, Professor William Senteza Kajubi.

Ladies and Gentlemen, Prof. William Senteza Kajubi was a man who brought great respect to not only the teaching and learning aspects of our Education sector but to policy formulation as well. His passion as he did all this was completely undeniable and unmistakably focused on the path of life he had chosen; teaching. Inspired by the Kajubi family motto **ONE'S WORK IS ONE'S NAME** and his own meticulous rise from his humble beginnings as a pupil of Mackay Memorial School in Nateete to the prolific scholar of Education, Prof. Senteza Kajubi devoted himself to improving the teaching, learning and training environment for students and teachers in junior, secondary and tertiary education.

I therefore wish to call upon all stakeholders in today's education sector to not only emulate the Late Prof. William Senteza Kajubi but also aspire to take on the seemingly insurmountable challenge of doing better than he did. He not only used his vast experience to completely revolutionize our education sector but to also serve community as Constituent Assembly delegate for Kyaddondo County North from 1993 to 1995

I commend the College of Education and External Studies for starting this great initiative to recognize those who laid the Education foundation in Uganda and playing its part in fulfilling Prof. William Senteza Kajubi's dream of empowering every man and woman to do his or her part *"to defeat the combined fleet of ignorance, poverty and disease in no time"*

With those few remarks ladies and gentlemen, I sincerely thank you for according me your kind attention.

IT IS NOW MY SINGULAR HONOUR AND PLEASURE TO OFFICIALLY LAUNCH THE PROFESSOR WILLIAM SENTEZA KAJUBI MEMORIAL LECTURES.
